# Directors' Review

On behalf of the Board of Directors, we are pleased to present the unconsolidated condensed interim financial statements of Bank Alfalah Limited for the period ended June 30, 2025.

# **Economic Review**

The second quarter witnessed heightened geopolitical tensions in the region. The markets remained volatile, but ease in conflicts was followed by sharp recovery. On a macroeconomic front, the developments were positive. IMF released the second disbursement of USD 1 billion, under the Extended Fund Facility (EFF), recognizing the improvements in economic and fiscal indicators of the country. On the top of it, Fitch also upgraded Pakistan's sovereign credit rating by one notch to B- from CCC+.

Foreign exchange reserves held by the State Bank of Pakistan (SBP) increased to USD 14.5 billion from USD 10.6 billion in March 2025 on the back of realisation of planned external inflows and sustained improvement in current account balance

The rupee depreciated by 1.3% during the guarter to PKR 283.76 / USD, as compared to PKR 280.16 / USD on March 31st, 2025. The headline inflation continued its downward trend and reached 0.3% in April before edging up to 3.2% in June as favorable high base effect ended. Core inflation remained relatively elevated at 7.6%. Considering the improved situation of the economy, the SBP opted to cut the policy rate by 100bps to 11% in May 2025.

The GDP grew by 2.7% in FY25, led by industrial sector growth of 4.8% marking a significant increase from last vear's decline of 1.4%; however, large-scale manufacturing still contracted by 1.5%. Agriculture lagged on YoY basis at 0.6% from 6.4% in the preceding year, while services fared slightly better at 2.9% compared to 2.2% of last year.

The fiscal consolidation continued with primary surplus of PKR 3.5 trillion (3.0% of GDP), as compared to PKR 1.6 trillion (1.5% of GDP) in same period last year. FBR tax collection increased by 26% YoY to PKR 8.4 trillion.

The stock market witnessed volatility owing to geopolitical tensions. However, following an ease in the situation, the positive trend continued, with KSE-100 rising 6.6% during 20 to reach an all-time high of 125,627 points. Monetary easing and resultant liquidity shift towards equities were the key drivers behind market improvement.

Going forward, the geopolitical developments would remain in focus, and adherence to IMF Extended Fund Facility (EFF) and Resilience and Sustainability Facility (RSF) conditions would be critical for upcoming reviews in September 2025. Economic activity is expected to gradually improve, reflecting the impact of monetary easing and lower inflation. However, to avoid a repeat of earlier boom-bust cycles, a balanced approach would be critical to sustaining hard earned economic stability.

# Review of the Bank's Performance

Highlights of the Bank's financial results for the period ended June 30, 2025, are presented as follows:

Financial Position	June 30, 2025	December 31, 2024
	Ru	pees in Millions
Shareholders' Equity	187,066	178,112
Total Assets	3,294,333	3,710,206
Total Deposits	2,288,228	2,136,913
Advances – net	1,010,496	1,109,376
Investments – net	1,632,474	1,991,232

Financial Performance	Half year ended June 30, 2025	Half year ended June 30, 2024

(Restated)

Rupees in Millions

Net Interest Income and Non-Markup Income	91,637	82,863
Non-Markup Expenses	56,810	40,758
Credit loss allowance / Provisions and write offs (net)	897	1,307
Profit before tax (PBT)	33,931	40,798
Profit after tax (PAT)	15,275	20,598
Basic and Diluted earnings per share - Rupees	9.68	13.06

Bank Alfalah reported profit after tax (PAT) of PKR 15.27 billion for the half year ended June 30, 2025, translating to earnings per share of PKR 9.68 (June 2024: PKR 13.06). The Bank's profit before tax (PBT) stood at PKR 33.93 billion. Profitability was influenced by decline in benchmark rates, increase in remittance related promotional costs and rise in effective tax rate, while growth in average deposits and CA mix partially offseted against these factors.

Total revenue for the half year reached PKR 91.64 billion, representing a 10.6% increase over the corresponding period. Net-Markup income of the Bank amounted to PKR 67.58 billion, improving by 8.0%, driven by volumetric growth in current account averages alongside a deliberate strategy to avoid high-cost deposits thereby improving the overall cost of funds. These factors helped offset the impact of interest rate cut. Strong capital gains led to an 18.4% increase in Non-Funded Income over SPLY to PKR 24.05 billion. However, investment related gains were partially offset as Fee and Commission Income reduced by 23.7%. This decline was largely due to reduced income from home remittances segment, card-related services, acquiring business, and BISP commissions - areas that have experienced pricing related challenges during the outgoing period. Going forward, improvement is expected in remittance related income on account of recent changes made by the regulatory authority in the pricing mechanism under PRI scheme.

To support its strategy of customer acquisition, the Bank continued its focus on expanding its footprint and enhancing digital capabilities. Investments in branch expansion, technology upgrades, marketing related initiatives, particularly for remittances, and inflationary effects contributed to an increase in operating expenses. As a result, Bank's cost to income ratio was 61.1% for the half year ended June 30, 2025. The Bank remains committed to control costs while not compromising on promoting its strategic initiatives.

Customer deposits closed at PKR 2.29 trillion. The Bank's deposit strategy remains centered on mobilizing current account balances and granular sticky deposits so as to build a diversified and stable deposit base.

The gross advances of the Bank grew by 34.5% (YoY) to close at PKR 1,057.72 billion, with a PKR 37.19 billion YoY increase (38.9%) in Consumer advances representing a major contribution to growth. This was in line with Banks strategy to grow low risk corporate lending while gradually increasing consumer finance as interest rates become more conducive.

The Banks disciplined underwriting and meticulous client selection processes have continued to deliver strong credit quality, as outlined by a non-performing loan ratio of 4.1%. Non-performing loans remain fully covered with a coverage ratio of 107.6% (including general provision / expected credit loss (ECL)).

As at June 30, 2025, the Bank remains adequately capitalised with CAR at 17.67%.

# **Dividend**

The Board of Directors, in its meeting held on July 31, 2025, declared an interim cash dividend of PKR 2.50 per share (25%) (Q2-24: PKR 2.00 per share (20%)) for the quarter ended June 30, 2025, bringing the total interim cash dividend for the year to PKR 5.00 per share (50%) (HY-24: PKR 4.00 per share (40%)). The Board had earlier declared and paid interim cash dividend of PKR 2.5 per share (25%).

# **Credit Rating**

The Bank has been assigned the following ratings by PACRA:

- Entity rating: 'AAA' (Triple A) for the long-term and 'A1+'
   (A-One Plus) for the short-term, with a 'Stable' Outlook.
- Instruments' rating: 'AA+' (Double A Plus), with a 'Stable'
  Outlook for Unsecured Tier 1 Capital instruments (Term
  Finance Certificates)

# **Future Outlook**

Pakistan's macroeconomic conditions improved markedly in FY25, supported by fiscal consolidation, timely measure taken by monetary policy committee, and a stable external account. Inflation dropped to a multi-year low of 4.7%, enabling the MPC to reduce the policy rate by 1,000 bps through January 2025, easing financial conditions and fueling renewed credit momentum. Banks benefited from lower rates and regulatory incentives, resulting in a sharp pickup in private sector lending. Simultaneously, fiscal, and monetary discipline reinforced system stability. Capital markets reflected this positive sentiment as well, led by strong institutional interest in banking stocks on the back of expected monetary easing and robust fundamentals.

These trends point to a supportive operating environment for the financial sector, underpinned by macro stability, liquidity, and investor confidence.

Building upon improvement in the macroeconomic environment. Bank Alfalah is well-positioned to sustain its growth trajectory and deliver long-term shareholder value. A key priority remains the expansion of its deposit base especially through low-cost current and savings accounts while extending its domestic footprint to enhance reach and customer experience.

The Bank is also accelerating its digital transformation, and leveraging technology to deliver secure, seamless, and customer-centric banking solutions. Investments in advanced analytics, automation, and artificial intelligence (AI) are helping streamline operations, improve decision-making, and elevate service quality. These efforts, alongside prudent cost management, are driving operational efficiency and supporting its ambition to lead the industry's digital evolution.

To ensure balanced growth, the Bank is also strengthening its fee-based revenue lines by deepening cash management penetration, scaling up trade finance, and expanding supply chain financing capabilities, particularly for corporate clients. These initiatives reinforce the Banks position in supporting Pakistan's trade and financial infrastructure. Aligned with its strategic vision, the Bank aims to continue to empower small and medium enterprises (SMEs) and individual consumers by offering tailored financing solutions and advisory support, fostering entrepreneurship and financial inclusion across diverse segments of the economy

Bank Alfalah's "One Bank, One Team" ethos remains central to its culture, promoting collaboration, creativity, and

innovation. Human capital development is a core focus, enabling it to build a skilled, agile, and motivated workforce aligned with the Bank's long-term goals.

The Bank is equally committed to responsible and sustainable banking, and its initiatives are aligned with the United Nations Sustainable Development Goals and Pakistan's national development agenda. Through strengthened Environmental, Social, and Governance (ESG) and corporate social responsibility (CSR) practices, the Bank aims to generate lasting impact and contribute meaningfully to the communities it serves.

# **Acknowledgement**

On behalf of the Board, we would like to thank the State Bank of Pakistan, the Securities and Exchange Commission of Pakistan, the Ministry of Finance and other regulatory authorities for their continued guidance and counsel. We also wish to convey our appreciation to our shareholders. our customers and business partners for their ongoing support.

Over the years, we have laid the foundations to deliver great value and service to our customers and all stakeholders while strengthening our financial position. As we move forward, we shall remain focused on service and playing a key role in supporting economic recovery. While pursuing this, we will remain mindful of our responsibilities to our employees and the local community, and our dedication to delivering returns to our shareholders.

# **UNCONSOLIDATED** × **CONDENSED INTERIM**× FINANCIAL STATEMENTS

HALF YEAR ENDED JUNE 30, 2025

# **Independent Auditor's Review Report**

# To the members of Bank Alfalah Limited

# Report on review of Interim Financial Statements

# Introduction

We have reviewed the accompanying unconsolidated condensed interim statement of financial position of Bank Alfalah Limited ("the Bank") as at June 30, 2025 and the related unconsolidated condensed interim statement of profit and loss account, the unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity, and unconsolidated condensed interim cash flow statement, and notes to the unconsolidated condensed interim financial statements for the half year then ended (here-in-after referred to as the "interim financial statements"). Management is responsible for the preparation and presentation of these unconsolidated interim financial statements in accordance with accounting and reporting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on these unconsolidated interim financial statements based on our review.

# Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of unconsolidated interim financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying unconsolidated interim financial statements are not prepared, in all material respects, in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting.

# Other Matter

Pursuant to the requirement of Section 237 (1) (b) of the Companies Act, 2017, only cumulative figures for the half year, presented in the second quarter accounts are subject to a limited scope review by the statutory auditors of the Bank. Accordingly, the figures of the unconsolidated condensed interim statement of profit and loss account and unconsolidated condensed interim statement of comprehensive income for the quarters ended June 30, 2025 and June 30, 2024 have not been reviewed by us.

The engagement partner on the audit resulting in this independent auditor's report is Noman Abbas Sheikh.

# Notes to and Forming Part of the Unconsolidated Condensed Interim Financial Statements (Un-audited)

For the half year ended June 30, 2025

#### 1 STATUS AND NATURE OF BUSINESS

Bank Alfalah Limited (the Bank) is a banking company incorporated in Pakistan and is engaged in commercial banking and related services in Pakistan and overseas. The Bank's registered office is located at B.A. Building, I.I. Chundrigar Road, Karachi and its shares are listed on the Pakistan Stock Exchange. The Bank is engaged in banking services as described in the Banking Companies Ordinance, 1962. The Bank is operating through 1,172 branches (December 31, 2024: 1,141 branches) and 12 subbranches (December 31, 2024: 12 sub-branches). Out of the 1,172 branches, 713 (December 31, 2024: 707) are conventional, 448 (December 31, 2024: 423) are Islamic, 10 (December 31, 2024: 10) are overseas and 1 (December 31 2024: 1) is an offshore banking unit.

The Pakistan Credit Rating Agency Limited has reaffirmed the Bank's long-term rating as 'AAA' and short-term rating as 'A1+' with stable outlook on June 28, 2025.

#### 2 BASIS OF PRESENTATION

#### 2.1 STATEMENT OF COMPLIANCE

These unconsolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34 "Interim Financial Reporting" and International Financial Reporting Standards (IFRS
  Accounting Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies
  Act 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Wherever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives have been followed.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated April 28, 2008. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard-3 for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these unconsolidated condensed interim financial statements.

- 2.1.1 The disclosures made in these unconsolidated condensed interim financial statements have been limited based on the format prescribed by the SBP through BPRD Circular Letter No. 02 dated February 09, 2023 and the requirements of International Accounting Standard 34, "Interim Financial Reporting". These do not include all the information and disclosures required for annual financial statements, and therefore should be read in conjunction with the annual audited unconsolidated financial statements of the Bank for the year ended December 31, 2024.
- 2.1.2 These unconsolidated condensed interim financial statements represent separate financial statements of Bank Alfalah Limited in which investment in subsidiaries and associates are accounted for on the basis of cost less accumulated impairment losses, if any.
- 2.1.3 Key financial figures of the Islamic Banking branches are disclosed in note 43 to these unconsolidated condensed interim financial statements.
- 2.1.4 The Bank believes that there is no significant doubt on the ability to continue as a going concern. Therefore, these unconsolidated condensed interim financial statements have been prepared on a going concern basis.

# 2.2 Standards, interpretations of and amendments to published accounting and reporting standards that are effective in the current period:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2025 but are considered not relevant or do not have any material effect on the Bank's operations and are therefore not detailed in these unconsolidated condensed interim financial statements. The impact of IFRS 9 for the current period is disclosed in note 4.1.2 of these unconsolidated condensed interim financial statements. Further, the comparative period has been restated to incorporate the impact of adoption of IFRS 9 as disclosed in note 4.1.1.

#### 2.3 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 01, 2026 but are considered not to be relevant or will not have any material effect on the Bank's financial statements except for:

- the new standard IFRS 18 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in the unconsolidated condensed interim
- amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.
- which will require Banks to apply a consistent approach in Effects of Changes in Foreign Exchange assessing whether a currency can be exchanged into another currency and, when it cannot, in determining the exchange rate to use and the disclosures to provide.

### **BASIS OF MEASUREMENT**

#### 3.1 Accounting convention

These unconsolidated condensed interim financial statements have been prepared under the historical cost convention except that certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts; investments classified at fair value through profit and loss and fair value through other comprehensive income; advances classified at fair value through profit and loss, foreign exchange contracts and derivative financial instruments are measured at fair value; defined benefit obligations are carried at present value; right of use of asset and related lease liability are measured at present value on initial recognition; and staff loans are measured at fair value on initial recognition.

#### 3.2 Functional and presentation currency

These unconsolidated condensed interim financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees except as stated otherwise.

#### MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these unconsolidated condensed interim financial statements are consistent with those applied in the preparation of the annual audited unconsolidated financial statements of the Bank for the year ended December 31, 2024. Impacts of adoption of IFRS 9 for the comparative and current period are disclosed in note 4.1.

#### 4.1 IFRS 9 - 'Financial Instruments'

4.1.1 The Bank had adopted IFRS 9 effective from January 01, 2024 with modified retrospective approach for restatement permitted under IFRS 9. The cumulative impact of initial application amounting to Rs. 2,751.995 million was recorded as an adjustment to equity at the beginning of the previous accounting period.

The Bank, in compliance with extended timelines prescribed in SBP's BPRD Circular Letter No. 16 dated July 29, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025 had incorporated certain IFRS 9 related impacts in the last quarter of 2024. Therefore the unconsolidated condensed interim statement of profit and loss account (un-audited) for the half year ended June 30, 2024 have been restated to incorporate these impacts. Had the restatement not been incorporated the profit after tax and total comprehensive income for the half year ended June 30, 2024 would have been higher by Rs. 10.416 million. The details are tabulated below:

Head		(Rupees in '000)	Description
Mark-up / return / interest earned	Increase	1,345,058	Fair value impact of subsidised advances and modification of advances
Mark-up / return / interest earned	Increase	1,249,124	Fair value impact on staff loans
Other income	Increase	30,724	Fair value impact of advances measured at fair value through profit and loss
		2,624,906	<b>5</b> .
Mark-up / return / interest expensed	Increase	1,396,206	Fair value impact of subsidised borrowings
Operating expenses	Increase	1,249,124 2,645,330	Fair value impact on staff loans
Taxation	Decrease	10,008	Tax impact of restatement
		Rupees	·
Basic and diluted earnings per share	Decrease	0.01	EPS impact of restatement

- 4.1.2 During the current period, in accordance with BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 dated July 29, 2024 the Bank has applied IFRS 9 for Bangladesh Operations and measured unquoted equity securities at fair value. The cumulative impact of application in current period amounting to Rs. 284.511 million net of tax has been recorded as an adjustment to equity at the beginning of the current period.
- 4.1.3 The SBP has directed the Banks through its BPRD Circular Letter No. 1 dated January 22, 2025 to continue the existing revenue recognition methodology for Islamic Operations, including the requirements of IFAS 1 and IFAS 2 until further instructions. Had IFRS 9 been adopted in its entirety for revenue recognition from Islamic operations, the profit after tax of the Bank would have been higher by Rs. 134.636 million.
- 4.1.4 The SBP in a separate instruction SBPHOK-BPRD-RPD-BAF-834424 dated January 22, 2025 has allowed extension for application of Effective Interest Rate upto December 31, 2025.

#### 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these unconsolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

The significant judgments made by the management in applying the Bank's accounting policies and the key sources of estimation were the same as those applied in the preparation of annual audited financial statements for the year ended December 31, 2024 except for matters related to IFRS 9 which have been disclosed in note 4.1 to these unconsolidated condensed interim financial statements.

# 6 FINANCIAL RISK MANAGEMENT

The financial risk management objectives and policies adopted by the Bank are consistent with those disclosed in the annual audited unconsolidated financial statements for the year ended December 31, 2024.

11.4.1 The additional profit arising from availing the forced sales value (FSV) benefit - net of tax as at June 30, 2025 which is not available for distribution as either cash or stock dividend to shareholders / bonus to employees amounted to Rs. 85.883 million (December 31, 2024; Rs. 79.607 million).

11.4.2 During the period, non performing loans and provisions were reduced by Rs. 442.462 million (December 31, 2024; Rs. 5,317.765 million) due to debt property swap transactions.

# General provision includes: 11.4.3

- (i) Provision held at overseas branches to meet the requirements of the regulatory authorities of the respective countries in which overseas branches operate; and
- (ii) Provision of Rs. 3,878,000 million (December 31, 2024: Rs. 3,878,000 million) against the high risk portfolio, which is showing higher economic vulnerability. The portfolio excludes GoP backed exposure, staff loans and loans secured against liquid collaterals.

11.4.4 Although the Bank has made provision against its non-performing portfolio as per the category of classification of the loan, the Bank holds enforceable collateral in the event of recovery through litigation. These securities comprise of charge against various tangible assets of the borrower including land, building and machinery, stock in trade etc.

# 20.1 Term Finance Certificates VI - Additional Tier-I (ADT-1) - Quoted, Unsecured

The Bank issued listed, fully paid up, rated, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments in the nature of Term Finance Certificates (TFCs) issued as instruments of redeemable capital under Section 66 of the Companies Act, 2017 which qualify as Additional Tier 1 Capital (ADT 1) as outlined by the SBP under BPRD Circular No. 6 dated August 15, 2013. Summary of terms and conditions of the issue are:			
Issue amount	Rs. 7,000,000,000		
Issue date	March 2018		
Maturity date	Perpetual		
Rating	"AA+" (Double A plus) by the Pakistan Credit Rating Agency Limited.		
Security	Unsecured		
Ranking	Subordinated to all other indebtedness of the Bank including deposits but superior to equity.		
Profit payment frequency	Payable semi-annually in arrears.		
Redemption	Perpetual		
Mark-up	For the period at end of which the Bank is in compliance with Minimum Capital Requirement (MCR) and Capital Adequacy Ratio (CAR) requirements of the SBP, mark-up rate will be Base Rate $\pm$ 1.50% with no step up feature.		
	Base Rate is defined as the six months KIBOR (ask side) prevailing on one (1) business day prior to previous profit payment date.		
Lock-in-clause	Mark-up will only be paid from the current earning and if the Bank is in compliance of regulatory MCR and CAR requirements set by the SBP from time to time.		
Loss absorbency clause	In conformity with the SBP Basel III Guidelines, the TFCs shall, if directed by the SBP, be permanently converted into ordinary shares upon: (i) the CET 1 Trigger Event; (ii) the point of non-viability Trigger Event; or (iii) failure by the Bank to comply with the Lock-In Clause. The SBP will have full discretion in declaring the point of non-viability Trigger Event.		
Call Option	The Bank may, at its sole discretion, exercise call option any time after five years from the issue date,		

subject to prior approval of the SBP and instrument is replaced with capital of same and better quality.

# 20.2 Term Finance Certificates VIII - Additional Tier-I (ADT-1) - Quoted, Unsecured

The Bank issued Rs. 7,000 million of privately placed, listed, fully paid up, rated, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments in the nature of Term Finance Certificates (TFCs) issued as instruments of redeemable capital under Section 66 of the Companies Act, 2017 which qualify as Additional Tier 1 Capital (ADT 1) as outlined by the SBP under BPRD circular No. 06 dated August 15, 2013. Summary of key terms and conditions of the issue are as follows:

Issue amount Rs. 7,000,000,000
Issue date December 2022
Maturity date Perpetual

Rating "AA+" (Double A plus) by the Pakistan Credit Rating Agency Limited.

Security Unsecured

Ranking Subordinated to all other indebtedness of the Bank including deposits but superior to equity.

Profit payment frequency Payable semi-annually in arrears.

Redemption Perpetual

Mark-up For the period at end of which the Bank is in compliance with Minimum Capital Requirement (MCR) and

Capital Adequacy Ratio (CAR) requirements of the SBP, mark-up rate will be Base Rate + 2.00% with

no step up feature.

Base Rate is defined as the six months KIBOR (ask side) prevailing on one (1) business day prior to

previous profit payment date.

Lock-in-clause Mark-up will only be paid from the current earning and if the Bank is in compliance of

regulatory MCR and CAR requirements set by the SBP from time to time.

Loss absorbency clause In conformity with the SBP Basel III Guidelines, the TFCs shall, if directed by the SBP, be permanently

converted into ordinary shares upon: (i) the CET 1 Trigger Event; (ii) the point of non-viability Trigger Event; or (iii) failure by the Bank to comply with the Lock-In Clause. The SBP will have full discretion in

declaring the point of non-viability Trigger Event.

Call Option The Bank may, at its sole discretion, exercise call option any time after five years from the issue date,

subject to prior approval of the SBP and instrument is replaced with capital of same and better

quality.

	Undrawn formal standby facilities, credit lines and other commitments to lend	24.2.4.1	17,421,614	16,490,171

24.2.4.1 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the Bank without the risk of incurring significant penalty or expense.

24.3	Other contingent liabilities	June 30, 2025 (Rupees	December 31, 2024 in '000)
24.3.1	Claims against the Bank not acknowledged as debts	23,774,654	23,153,037

These mainly represent counter claims filed by the borrowers for restricting the Bank from disposal of collateral assets (such as hypothecated / mortgaged / pledged assets kept as security), damage to reputation and cases filed by ex-employees of the Bank for damages. Based on legal advices and / or internal assessments, management is confident that the matters will be decided in the Bank's favour and the possibility of any outcome against the Bank is remote and accordingly no provision has been made in these unconsolidated condensed interim financial statements.

### 33 **WORKERS' WELFARE FUND**

The Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government through the Finance Act, 2008 for the levy of Workers' Welfare Fund (WWF) on banks were not lawful. The Federal Board of Revenue has filed review petitions against this order, which are currently pending. A legal advice was obtained by the Pakistan Banking Association which highlights that consequent to filing of these review petitions, a risk has risen and the judgment is not conclusive until the review petitions are decided. Accordingly, the amount charged for WWF since 2008 has not been reversed.

# 361 The income tax assessments of the Bank have been finalised upto and including tax year 2024. In respect of tax years 2008, 2014, 2017, 2019 and 2021 to 2024, the tax authority has raised certain issues including default in payment of WWF, allocation of expenses to dividend and capital gains, dividend income from mutual funds not being taken under income from business and disallowance of leasehold improvements resulting in tax demand of Rs. 1,217.274 million (December 31, 2024: Rs. 1,217.274 million) net of relief provided in appeal. The Bank has filed an appeal which is pending before the Tribunal. The management is confident that the matter will be decided in favour of the Bank and consequently has not made any provision in this respect.

The Bank had received orders from a provincial tax authority for the periods from July 2011 to December 2020 wherein tax authority demanded sales tax on banking services and penalty amounting to Rs. 763.312 million (excluding default surcharge) by disallowing certain exemptions of sales tax on banking services and allegedly for short payment of sales tax. For periods from July 2011 to June 2014, appeals against orders are pending before Commissioner Appeals whereas for periods July 2014 to December 2020, Appellate Tribunal has decided the matters against the Bank. The Bank has filed appeals against these orders before Sindh High Court after consultation with the tax consultant.

The Bank has not made any provision against these orders and the management is of the view that these matters will be settled in Bank's favour through appellate process.

c) The Bank had received two different orders for the same accounting year 2016 from a tax authority wherein sales tax, further tax and penalty amounting to Rs. 5.191 million and Rs. 8.601 million (excluding default surcharge) were demanded allegedly for non-payment of sales tax on certain transactions. Appeals against these orders are pending before Commissioner Appeals and Appellate Tribunal.

A similar order for the accounting years 2017 and 2018 was issued with a tax demand of Rs. 11.536 million (excluding default surcharge) which is pending before the Commissioner Appeals.

The Bank has not made any provision against these orders and the management is of the view that these matters will be favourably settled through appellate process.

(Lin-audited)

d) Certain other addbacks made by tax authorities for various assessment years, appeals against which are pending with the Commissioner of Inland Revenue (Appeals), Appellate Tribunal Inland Revenue (ATIR), High Court of Sindh and Supreme Court of Pakistan

# 39 FAIR VALUE MEASUREMENTS

3

Fair value measurement defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of quoted securities other than those classified as amortised cost, is based on quoted market price. Quoted debt securities classified as amortised cost are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiary, is determined on the basis of valuation methodologies. The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

# 39.1 Fair value of financial instruments

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

		June 30, 2025 (	Jn-audited)	
	Level 1	Level 2	Level 3	Total

39.2 The Bank's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date of the event or change in circumstances that caused the transfer, occurred. There were no transfers between levels 1 and 2 during the current period.

# 39.3 Valuation techniques used in determination of fair values:

# 39.3.1 Fair value of financial assets

# (a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in ordinary shares of listed companies, listed GoP Sukuks and listed non government debt securities.

# (b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Market Treasury Bills, Pakistan Investment Bonds, GoP Sukuks, GoP Euro Bonds, Overseas Government Sukuks, Overseas Bonds, Term Finance Certificates, and other than Government Sukuks, forward foreign exchange contracts, forward government securities contracts, cross currency swaps and interest rate swaps.

# (c) Financial instruments in level 3

Financial instruments included in level 3 comprise of unlisted ordinary shares, unlisted preference shares, redeemable participating certificates and advances measured at fair value through profit and loss. Valuation techniques are mentioned in the table below.

The fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

# 39.3.2 Fair value of non-financial assets

Certain categories of property and equipment (land and buildings) and non banking assets acquired in satisfaction of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in notes 12 and 15. The valuations are conducted by the valuation experts appointed by the Bank which are also on the panel of the State Bank of Pakistan.

Valuation approach and input used

# 39.3.3 Valuation techniques

Market Treasury Bills (MTB) / Pakistan Investment Bonds (PIB), and GoP Sukuks (GIS) including their forward contracts	The fair value of MTBs and PIBs are derived using PKRV rates. Floating rate PIBs are revalued using PKFRV rates. The fair value of GoP sukuks listed on the Pakistan Stock Exchange has been determined through closing rates of the Pakistan Stock Exchange. The fair value of other GIS are revalued using PKISRV rates.
Overseas Sukuks, Overseas and GoP Euro Bonds	The fair value of overseas government sukuks, and overseas bonds are determined on the basis of price available on Bloomberg.
Debt Securities (TFCs and Sukuk other than Government)	Investment in sukuks, debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Ordinary shares - listed	The fair value of investments in listed equity securities are valued on the basis of closing quoted market price available at the Pakistan Stock Exchange.
Ordinary shares - unlisted	The fair value of investments in unlisted equity securities are valued on the basis of income and market approach.
Preference shares - unlisted	The fair value of investment in unlisted preference shares are valued at market approach.
Foreign preference shares - unlisted	The fair value of investment in unlisted preference shares are valued at market approach.
Redeemable participating certificates	The fair value of investment in redeemable participating certificates are valued at net asset value.
Advances	The fair value of advances are valued on the basis of Discounted Cashflow Method (DCF).
Forward foreign exchange contracts	The valuation has been determined by interpolating the FX revaluation rates announced by the SBP.
Derivative instruments	Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.

	lte

Property and equipment and non banking assets acquired in satisfaction of claims

# Valuation approach and input used

The valuation experts used a market based approach to arrive at the fair value of the Bank's properties. The market approach used prices and other relevant information generated by market transactions involving identical, comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty accordingly a qualitative disclosure of sensitivity has not been presented in these unconsolidated condensed interim financial statements.

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements of investment and advances, (The valuation techniques are stated above):

Description	Fair value as at June 30, 2025 (Un-audited)	Fair value as at December 31, 2024 (Audited)	Unobservable inputs*	Discount rate	Relationship of unobservable inputs to fair value
Ordinary shares - unlisted (income approach)	2,550,451	2,333,188	Discount rate	16.58% - 19.00%	Increase / (decrease) in discount rate by 1% with all other variables held constant, would (decrease) / increase the fair value by Rs. 114.540 million and Rs. 124.822 million (December 31, 2024: Rs. 90.457 million and Rs. 97.873 million) respectively.
Ordinary shares - unlisted (market approach)	849,304	-	Market multiple / transaction price	Not applicable	Not applicable
Foreign preference shares - unlisted (market approach)	567,545	-	Transaction price	Not applicable	Not applicable
Preference shares - unlisted	-	500,000	Transaction price	Not applicable	Not applicable
Redeemable participating certificates	8,033,819	8,315,048	Net asset value	Not applicable	Not applicable
Advances classified at FVPL	2,520,218	1,413,735	Discount rate	25.00% - 30.00%	Increase / (decrease) in discount rate by 1% with all other variables held constant, would (decrease) / increase the fair value by Rs. 1.148 million and Rs. 1.157 million (December 31, 2024: Rs. 14.903 million and Rs. 15.134 million) respectively.

<sup>\*</sup> There were no significant inter-relationships between unobservable inputs that materially affect fair values.

The following table shows reconciliation of investments and advances Level 3 fair value movement:

	June 30, 2025	(Un-audited)	December 31, 2	2024 (Audited)

# 43.9 PLS Pool Management- Islamic Banking Group (IBG)

# 43.9.1 The pools, their key features and risk and reward characteristics.

The profit and loss sharing between the Rabbul Maal (depositor) and Mudarib (Bank - IBG) is based upon the underlying principles of Mudaraba, where the Bank also contributes its equity to general pool of funds, and becomes the capital provider.

Currently IBG is managing following pools:

- 1) General Pool for LCY Depositors
- 2) FCY Pool for Foreign Currency (USD, GBP, EURO, AED, SAR and CAD) depositors
- 3) Fls Pool for Treasury Purposes
- 4) IERS Pool for Islamic Export Refinance Scheme facilities
- 5) Special pool
- 6) PMRC Musharikah Pool

All the Mudaraba based remunerative deposits shall be considered as an investment from Rabbul Maal in the pool, along with IBG's own share of equity, which is also commingled in the pool. The applications of these funds are on Islamic financing and related assets, investments, and placements for generating profits to be shared among the depositors as per the weightage system.

The IERS pool is maintained as per the guideline under the SBP IERS Scheme.

The assets, liabilities, equities, income and expenses are segregated for each of the pool. No pool investment is intermingled with each other. All pools are usually exposed to general credit risk, asset ownership risk and profit rate risk of the underlying assets involved in pool.

# 44 AFGHANISTAN OPERATIONS

Bank Alfalah maintains a two-branch presence in Afghanistan. The Board and the management of the Bank continue to closely monitor the evolving situation in Afghanistan which has been hampered due to the country's frozen reserves and uncertainty regarding international recognition which prevent normal flows in and out of Afghanistan. The Bank has taken impairment against net assets where there is an indication that carrying amount may be higher than its recoverable amount. The Bank remains focused on maintaining its control standards i.e. both onshore and through Head Office oversight.

# 45 BANGLADESH OPERATIONS

During the year 2024, a non-binding indicative offer was received from Bank Asia Limited, Dhaka, Bangladesh ("Bank Asia") to acquire the Bank's Bangladesh Operations (assets and liabilities). In this regard, the Bank was granted an in-principle approval by the State Bank of Pakistan to facilitate conduct of due diligence exercise by Bank Asia.

Subsequently, during the period ended June 30, 2025, the Board of Directors of Bank Alfalah Limited has accorded its approval to sell the Bangladesh Operations to Bank Asia subject to approval of the State Bank of Pakistan, the Central Bank of Bangladesh, and /or any other regulatory and legal compliance and execution of definitive agreement.

Further, a non-binding offer was also received in year 2024 from Hatton National Bank of Sri Lanka ("HNB") to acquire the Bank's Bangladesh Operations. However, HNB has decided not to proceed with acquisition.

### 46 NON-ADJUSTING EVENT

The Board of Directors in its meeting held on July 31, 2025 has declared an interim cash dividend of 25% i.e. Rs. 2.5 per share for the quarter ended June 30, 2025 (June 30, 2024: Rs. 2.0 per share i.e. 20%). These unconsolidated condensed interim financial statements do not include the effect of this appropriation which will be accounted for subsequent to the period end. The Board had earlier declared an interim cash dividend bringing the total cash dividend for the half year ended June 30, 2025 to Rs. 5.0 per share (June 30, 2024: Rs. 4.0 per share).

### 47 **DATE OF AUTHORISATION**

These unconsolidated condensed interim financial statements were authorised for issue on July 31, 2025 by the Board of Directors of the Bank.

### 48 **GENERAL**

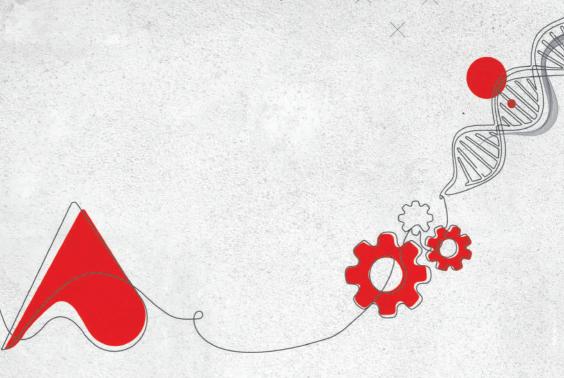

- Comparative information has been re-classified, re-arranged, restated or additionally incorporated in these unconsolidated 48.1 condensed interim financial statements, wherever necessary to facilitate comparison.
- 48.2 The effects of reclassification, rearrangement in the comparative information presented in these unconsolidated condensed interim financial statements are as follows:

Description of item	Nature	(Rupees in '000)	From	То
Agent commission	Expense	337,992	Commission on Benazir Income Support Programme (BISP)	Brokerage and commission
Verification cost	Expense	84,793	Commission on Benazir Income Support Programme (BISP)	CNIC verification
Optional issuer fee	Income	383,464	Foreign exchange income	Card related fees (debit and credit cards)
Conversion fee	Expense	170,947	Foreign exchange income	Card related fees (debit and credit cards)
Conversion fee	Expense	119,570	Foreign exchange income	Card acquiring business

The effects of restatement due to adoption of IFRS 9 is mentioned in note 4.1.1 of these unconsolidated condensed interim 48.3 financial statements.

	Associates			
	Alfalah Insurance Company Limited		30.00%	30.00%
	Sapphire Wind Power Company Limited		30.00%	30.00%
	Alfalah Asset Management Limited		40.22%	40.22%

# 2 BASIS OF PRESENTATION

# 2.1 STATEMENT OF COMPLIANCE

These consolidated condensed interim financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan for interim financial reporting. The accounting and reporting standards as applicable in Pakistan for interim financial reporting comprise of:

- International Accounting Standard 34 "Interim Financial Reporting" and International Financial Reporting Standards (IFRS
  Accounting Standards) issued by the International Accounting Standards Board (IASB) as are notified under the Companies
  Act 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan (ICAP) as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Wherever the requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives have been followed.

The SBP has deferred the applicability of International Accounting Standard (IAS) 40, 'Investment Property' for banking companies through BSD Circular Letter No. 10 dated August 26, 2002 till further instructions. Further, the SECP has deferred the applicability of International Financial Reporting Standard (IFRS) 7, 'Financial Instruments: Disclosures' on banks through its notification S.R.O 411(I)/2008 dated April 28, 2008. The SBP through BPRD Circular No. 04 of 2015 dated February 25, 2015 had deferred the applicability of Islamic Financial Accounting Standard-3 for Profit and Loss Sharing on Deposits (IFAS-3) issued by the Institute of Chartered Accountants of Pakistan (ICAP) and notified by the SECP, vide their SRO No. 571 of 2013 dated June 12, 2013 for Institutions offering Islamic Financial Services (IIFS). Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements.

Moreover, Alfalah Insurance Company Limited has deferred the application of IFRS 9 till January 01, 2026, which is same as effective date for application of IFRS 17 - Insurance Contracts as allowed by the SECP through S.R.O. 506(i)/2024 dated March 29, 2024. Furthermore, Sapphire Wind Power Company Limited was granted a partial exemption from the application of IFRS 9 till December 31, 2025 vide SECP S.R.O. 1784(I)/2024- dated November 04, 2024. Consequently, the requirements of IFRS 9 with respect to application of Expected Credit Losses in respect of trade debts and other receivables due from Central Power Purchasing Agency (CPPA-G) have not been followed.

211 The disclosures made in these consolidated condensed interim financial statements have been limited based on the format prescribed by the SBP through BPRD Circular Letter No. 02 dated February 09, 2023 and the requirements of International Accounting Standard 34, "Interim Financial Reporting". These do not include all the information and disclosures required for annual financial statements, and therefore should be read in conjunction with the annual audited consolidated financial statements of the Group for the year ended December 31, 2024.

## 2.1.2 Basis of consolidation

A subsidiary is an entity controlled by the Group. Control exists when the Group is exposed, or has rights, to variable returns from its investment with the investee and has the ability to affect those return through its power over the investee.

These consolidated condensed interim financial statements incorporate the financial statements of subsidiaries from the date that control commences until the date that control ceases.

Profit or loss and each component of the Other Comprehensive Income (OCI) are attributed to the equity holders of the Holding Company and to the Non-Controlling interests (NCI) even if it results in the NCI having a deficit balance.

Material intra-group balances and transactions with subsidiaries are eliminated.

A change in ownership of a subsidiary, without loss of control is accounted for as an equity transaction.

Associates are those entities on which the Group has significant influence, but not control, over the financial and operating polices. Associates are accounted for using the equity method.

Non-controlling interests are that part of the net results of operations and of net assets of subsidiary which are not owned by the Holding Company.

- Key financial figures of the Islamic Banking branches are disclosed in note 43 to the unconsolidated condensed interim financial 213 statements.
- The Holding Company believes that there is no significant doubt on the 214 ability to continue as a going concern. Therefore, these consolidated condensed interim financial statements have been prepared on a going concern basis.
- 2.2 Standards, interpretations of and amendments to published accounting and reporting standards that are effective in the current period:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2025 but are considered not relevant or do not have any material effect on the Group's operations and are therefore not detailed in these consolidated condensed interim financial statements. The impact of IFRS 9 for the current period is disclosed in note 4.1.2 of these consolidated condensed interim financial statements. Further, the comparative period has been restated to incorporate the impact of adoption of IFRS 9 as disclosed in note 4.1.1.

## 2.3 Standards, interpretations of and amendments to published accounting and reporting standards that are not yet effective:

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Group's accounting periods beginning on or after January 01, 2026 but are considered not to be relevant or will not have any material effect on the Group's financial statements except for:

- the new standard IFRS 18 'Presentation and Disclosure in Financial Statements' (published in April 2024) with applicability date of January 01, 2027 by IASB. IFRS 18 is yet to be adopted in Pakistan. IFRS 18 when adopted and applicable shall impact the presentation of 'Statement of Profit and Loss Account' with certain additional disclosures in the consolidated condensed interim financial statements.
- amendments to IFRS 9 'Financial Instruments' which clarify the date of recognition and derecognition of a financial asset or financial liability including settlement of liabilities through banking instruments and channels including electronic transfers. The amendment when applied may impact the timing of recognition and derecognition of financial liabilities.
- Effects of Changes in Foreign Exchange - amendment to IAS 21 which will require Banks to apply a consistent approach in assessing whether a currency can be exchanged into another currency and, when it cannot, in determining the exchange rate to use and the disclosures to provide.

# 3 BASIS OF MEASUREMENT

# 3.1 Accounting convention

These consolidated condensed interim financial statements have been prepared under the historical cost convention except that certain property and equipment and non banking assets acquired in satisfaction of claims are stated at revalued amounts; investments classified at fair value through profit and loss and fair value through other comprehensive income; advances classified at fair value through profit and loss, foreign exchange contracts and derivative financial instruments are measured at fair value; defined benefit obligations are carried at present value; right of use of asset and related lease liability are measured at present value on initial recognition; and staff loans are measured at fair value on initial recognition.

# 3.2 Functional and presentation currency

These consolidated condensed interim financial statements are presented in Pakistani Rupees, which is the Group's functional and presentation currency. The amounts are rounded off to the nearest thousand rupees except as stated otherwise.

# 4 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the annual audited consolidated financial statements of the Group for the year ended December 31, 2024. Impacts of adoption of IFRS 9 for the comparative and current period are disclosed in note 4.1.

# 4.1 IFRS 9 - 'Financial Instruments'

**4.1.1** The Holding Company had adopted IFRS 9 effective from January 01, 2024 with modified retrospective approach for restatement permitted under IFRS 9. The cumulative impact of initial application amounting to Rs. 2,751.995 million was recorded as an adjustment to equity at the beginning of the previous accounting period.

The Holding Company, in compliance with extended timelines prescribed in SBP's BPRD Circular Letter No. 16 dated July 29, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025 had incorporated certain IFRS 9 related impacts in the last quarter of 2024. Therefore the consolidated condensed interim statement of profit and loss account (un-audited) for the half year ended June 30, 2024 have been restated to incorporate these impacts. Had the restatement not been incorporated the profit after tax and total comprehensive income for the half year ended June 30, 2024 would have been higher by Rs. 10.416 million. The details are tabulated below:

Head		(Rupees in '000)	Description
Mark-up / return / interest earned	Increase	1,345,058	Fair value impact of subsidised advances and
Mark-up / return / interest earned	Increase	1,249,124	Fair value impact on staff loans
Other income	Increase	30,724	Fair value impact on advances measured at fair
		2,624,906	
Mark-up / return / interest expensed	Increase	1,396,206	Fair value impact on subsidised borrowings
Operating expenses	Increase	1,249,124	Fair value impact on staff loans
		2,645,330	
Taxation	Decrease	10.008	Tax impact of restatement

- 4.1.2 During the current period, in accordance with BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No. 16 dated July 29, 2024 the Group has applied IFRS 9 for Bangladesh Operations and measured unquoted equity securities at fair value. The cumulative impact of application in current period amounting to Rs. 284.511 million net of tax has been recorded as an adjustment to equity at the beginning of the current period.
- 4.1.3 The SBP has directed the Banks through its BPRD Circular Letter No. 1 dated January 22, 2025 to continue the existing revenue recognition methodology for Islamic Operations, including the requirements of IFAS 1 and IFAS 2 until further instructions. Had IFRS 9 been adopted in its entirety for revenue recognition from Islamic operations, the profit after tax of the Group would have been higher by Rs. 134.636 million.
- **4.1.4** The SBP in a separate instruction SBPHOK-BPRD-RPD-BAF-834424 dated January 22, 2025 has allowed extension for application of Effective Interest Rate up to December 31, 2025.

# 5 CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of these consolidated condensed interim financial statements in conformity with the accounting and reporting standards as applicable in Pakistan requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses as well as in the disclosure of contingent liabilities. It also requires management to exercise judgment in application of its accounting policies. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised, if the revision affects only that period, or in the period of revision and in future periods if the revision affects both current and future periods.

The significant judgments made by the management in applying the Group's accounting policies and the key sources of estimation were the same as those applied in the preparation of annual audited financial statements for the year ended December 31, 2024 except for matters related to IFRS 9 which have been disclosed in note 4.1 to these consolidated condensed interim financial statements.

### 6 FINANCIAL RISK MANAGEMENT

7

8

The financial risk management objectives and policies adopted by the Group are consistent with those disclosed in the annual audited consolidated financial statements for the year ended December 31, 2024.

11.4.1 The additional profit arising from availing the forced sales value (FSV) benefit - net of tax as at June 30, 2025 which is not available for distribution as either cash or stock dividend to shareholders / bonus to employees amounted to Rs. 85.883 million (December 31, 2024; Rs. 79.607 million).

11.4.2 During the period, non performing loans and provisions were reduced by Rs. 442.462 million (December 31, 2024; Rs. 5,317.765 million) due to debt property swap transactions.

### 11.4.3 General provision includes:

- (i) Provision held at overseas branches to meet the requirements of the regulatory authorities of the respective countries in which overseas branches operate; and
- (ii) Provision of Rs. 3,878.000 million (December 31, 2024: Rs. 3,878.000 million) against the high risk portfolio, which is showing higher economic vulnerability. The portfolio excludes GoP backed exposure, staff loans and loans secured against liquid collaterals.

11.4.4 Although the Holding Company has made provision against its non-performing portfolio as per the category of classification of the loan, the Holding Company holds enforceable collateral in the event of recovery through litigation. These securities comprise of charge against various tangible assets of the borrower including land, building and machinery, stock in trade etc.

### 20.1 Term Finance Certificates VI - Additional Tier-I (ADT-1) - Ouoted, Unsecured

The Holding Company issued listed, fully paid up, rated, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments in the nature of Term Finance Certificates (TFCs) issued as instruments of redeemable capital under Section 66 of the Companies Act, 2017 which qualify as Additional Tier 1 Capital (ADT 1) as outlined by the SBP under BPRD Circular No. 6 dated August 15, 2013. Summary of terms and conditions of the issue are:

Issue amount Rs. 7,000,000,000

March 2018 Issue date Maturity date Perpetual

Rating "AA+" (Double A plus) by the Pakistan Credit Rating Agency Limited.

Unsecured Security

Ranking Subordinated to all other indebtedness of the Holding Company including deposits but superior to

Profit payment frequency Payable semi-annually in arrears.

Redemption Perpetual

Mark-up For the period at end of which the Holding Company is in compliance with Minimum Capital Requirement

(MCR) and Capital Adequacy Ratio (CAR) requirements of the SBP, mark-up rate will be Base Rate + 1.50%

with no step up feature.

Base Rate is defined as the six months KIBOR (ask side) prevailing on one (1) business day prior to

previous profit payment date.

Lock-in-clause Mark-up will only be paid from the Holding earning and if the Holding Company current

is in compliance of regulatory MCR and CAR requirements set by the SBP from time to time.

Loss absorbency clause In conformity with the SBP Basel III Guidelines, the TFCs shall, if directed by the SBP, be permanently

converted into ordinary shares upon: (i) the CET 1 Trigger Event; (ii) the point of non-viability Trigger Event; or (iii) failure by the Holding Company to comply with the Lock-In Clause. The SBP will have full

discretion in declaring the point of non-viability Trigger Event.

Call option The Holding Company may, at its sole discretion, exercise call option any time after five years from the

issue date, subject to prior approval of the SBP and instrument is replaced with capital of same and

better quality.

### 20.2 Term Finance Certificates VIII - Additional Tier-I (ADT-1) - Quoted, Unsecured

The Holding Company issued Rs. 7,000 million of privately placed, listed, fully paid up, rated, perpetual, unsecured, subordinated, non-cumulative and contingent convertible debt instruments in the nature of Term Finance Certificates (TFCs) issued as instruments of redeemable capital under Section 66 of the Companies Act, 2017 which qualify as Additional Tier 1 Capital (ADT 1) as outlined by the SBP under BPRD circular No. 06 dated August 15, 2013. Summary of key terms and conditions of the issue are as follows:

Issue amount Rs. 7.000,000,000 December 2022 Issue date Maturity date Perpetual

"AA+" (Double A plus) by the Pakistan Credit Rating Agency Limited. Rating

Security

Ranking Subordinated to all other indebtedness of the Holding Company including deposits but superior to equity.

Profit payment frequency Payable semi-annually in arrears.

Redemption Perpetual

Mark-up For the period at end of which the Holding Company is in compliance with Minimum Capital Requirement

(MCR) and Capital Adequacy Ratio (CAR) requirements of the SBP, mark-up rate will be Base Rate +

2.00% with no step up feature.

Base Rate is defined as the six months KIBOR (Ask side) prevailing on one (1) business day prior to

previous profit payment date.

Mark-up will only be paid from the Holding I ock-in-clause earning and if the Holding Company current

is in compliance of regulatory MCR and CAR requirements set by the SBP from time to time.

In conformity with the SBP Basel III Guidelines, the TFCs shall, if directed by the SBP, be permanently Loss absorbency clause

> converted into ordinary shares upon: (i) the CET 1 Trigger Event; (ii) the point of non-viability Trigger Event; or (iii) failure by the Holding Company to comply with the Lock-In Clause. The SBP will have full

discretion in declaring the point of non-viability Trigger Event.

Call option The Holding Company may, at its sole discretion, exercise call option any time after five years from the

issue date, subject to prior approval of the SBP and instrument is replaced with capital of same and

better quality.

Note

24.2.4.1

(Audited)

16.490.171

(Audited)

24.2.4.1 These represent commitments that are irrevocable because they cannot be withdrawn at the discretion of the Holding Company without the risk of incurring significant penalty or expense.

### 24.2.5 Other Commitments

commitments to lend

A commercial bank on behalf of Alfalah Securities (Private) Limited has given a guarantee of Rs. Nil (December 31, 2024: Rs. 450 million) to National Clearing Company of Pakistan Limited (NCCPL) in respect of margin eligible securities. The guarantee facility is for one year and is secured by 1st Pari Passu charge on current assets of the subsidiary.

24.3	Other contingent liabilities	(Rupees	in '000)
24.3.1	Claims against the Bank not acknowledged as debts	23,774,654	23,153,037

These mainly represent counter claims filed by the borrowers for restricting the Holding Company from disposal of collateral assets (such as hypothecated / mortgaged / pledged assets kept as security), damage to reputation and cases filed by ex-employees of the Holding Company for damages. Based on legal advices and / or internal assessments, management is confident that the matters will be decided in the Holding Company's favour and the possibility of any outcome against the Holding Company is remote and accordingly no provision has been made in these consolidated condensed interim financial statements

### 24.4 Contingency for tax payable

There were no tax related contingencies other than as disclosed in note 36.1

### 25 DERIVATIVE INSTRUMENTS

Derivatives are a type of financial contract, the value of which is determined by reference to one or more underlying assets or indices. The major categories of such contracts include futures, swaps and options. Derivatives also include structured financial products that have one or more characteristics of forwards, futures, swaps and options.

### 33 **WORKERS' WELFARE FUND**

The Supreme Court of Pakistan vide its order dated November 10, 2016 has held that the amendments made in the law introduced by the Federal Government through the Finance Act, 2008 for the levy of Workers' Welfare Fund (WWF) on banks were not lawful. The Federal Board of Revenue has filed review petitions against this order, which are currently pending. A legal advice was obtained by the Pakistan Banking Association which highlights that consequent to filing of these review petitions, a risk has risen and the judgment is not conclusive until the review petitions are decided. Accordingly, the amount charged for WWF since 2008 has not been reversed.

36.1 The income tax assessments of the Holding Company have been finalised upto and including tax year 2024. In respect of tax years 2008, 2014, 2017, 2019 and 2021 to 2024, the tax authority has raised certain issues including default in payment of WWF, allocation of expenses to dividend and capital gains, dividend income from mutual funds not being taken under income from business and disallowance of leasehold improvements resulting in tax demand of Rs. 1.217.274 million (December 31, 2024: Rs. 1,217.274 million) net of relief provided in appeal. The Holding Company has filed an appeal which is pending before the Tribunal. The management is confident that the matter will be decided in favour of the Holding Company and consequently has not made any provision in this respect.

The Holding Company had received orders from a provincial tax authority for the periods from July 2011 to December 2020 wherein tax authority demanded sales tax on banking services and penalty amounting to Rs. 763.312 million (excluding default surcharge) by disallowing certain exemptions of sales tax on banking services and allegedly for short payment of sales tax. For periods from July 2011 to June 2014, appeals against orders are pending before Commissioner Appeals whereas for periods July 2014 to December 2020, Appellate Tribunal has decided the matters against the Holding Company. The Holding Company has filed appeals against these orders before Sindh High Court after consultation with the tax consultant.

The Holding Company has not made any provision against these orders and the management is of the view that these matters will be settled in Holding Company's favour through appellate process.

The Holding Company had received two different orders for the same accounting year 2016 from a tax authority wherein sales tax, further tax and penalty amounting to Rs. 5.191 million and Rs. 8.601 million (excluding default surcharge) were demanded allegedly for non-payment of sales tax on certain transactions. Appeals against these orders are pending before Commissioner Appeals and Appellate Tribunal.

/11... -... 414 - 41

19.004.909

20.459.317

A similar order for the accounting years 2017 and 2018 was issued with tax demand of Rs. 11.536 million (excluding default surcharge) which is pending before Commissioner Appeals.

The Holding Company has not made any provision against these orders and the management is of the view that these matters will be favourably settled through appellate process.

Certain other addbacks made by tax authorities for various assessment years, appeals against which are pending with the Commissioner of Inland Revenue (Appeals), Appellate Tribunal Inland Revenue (ATIR), High Court of Sindh and Supreme Court of Pakistan.

### 37 **DISCONTINUED OPERATIONS - ALFALAH SECURITIES (PRIVATE) LIMITED**

- 37.1 The shareholders of the Holding Company in annual general meeting held on March 20, 2025 approved to sell entire shareholding in its subsidiary, Alfalah Securities (Private) Limited. The sale transaction was completed during the period in accordance with the applicable legal and regulatory requirements against a consideration of Rs. 388.732 million.
- 37.2 The assets and liabilities attributable to discontinued operation as at the disposal date is as follows:

### 40 FAIR VALUE MEASUREMENTS

38

Fair value measurement defines fair value as the price that would be received from the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of quoted securities other than those classified as amortised cost, is based on quoted market price. Quoted debt securities classified as amortised cost are carried at cost. The fair value of unquoted equity securities, other than investments in associates and subsidiary, is determined on the basis of valuation methodologies. The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

### 40.1 Fair value of financial instruments

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: Fair value measurements using input for the assets or liabilities that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

40.2 The Group's policy is to recognise transfers into and out of the different fair value hierarchy levels at the date of the event or change in circumstances that caused the transfer, occurred. There were no transfers between levels 1 and 2 during the current period.

### 40.3 Valuation techniques used in determination of fair values:

### 40.3.1 Fair value of financial assets

### (a) Financial instruments in level 1

Financial instruments included in level 1 comprise of investments in ordinary shares of listed companies, listed GoP Sukuks and listed non government debt securities.

### (b) Financial instruments in level 2

Financial instruments included in level 2 comprise of Market Treasury Bills, Pakistan Investment Bonds, GoP Sukuks, GoP Euro Bonds, Overseas Government Sukuks, Overseas Bonds, Term Finance Certificates, and other than Government Sukuks, forward foreign exchange contracts, forward government securities contracts, cross currency swaps and interest rate swaps.

### (c) Financial instruments in level 3

Financial instruments included in level 3 comprise of unlisted ordinary shares, unlisted preference shares, redeemable participating certificates and advances measured at fair value through profit and loss. Valuation techniques are mentioned in the table below.

The fair value of fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

### 40.3.2 Fair value of non-financial assets

Certain categories of property and equipment (land and buildings) and non banking assets acquired in satisfaction of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in notes 12 and 15. The valuations are conducted by the valuation experts appointed by the Group which are also on the panel of the State Bank of Pakistan.

### 40.3.3 Valuation techniques

ltem	Valuation approach and input used
Market Treasury Bills (MTB) / Pakistan Investment Bonds (PIB), and GoP Sukuks (GIS) including their forward contracts	The fair value of MTBs and PIBs are derived using PKRV rates. Floating rate PIBs are revalued using PKFRV rates. The fair value of GoP sukuks listed on the Pakistan Stock Exchange has been determined through closing rates of the Pakistan Stock Exchange. The fair value of other GIS are revalued using PKISRV rates.
Overseas Sukuks, Overseas and GoP Euro Bonds	The fair value of overseas government sukuks, and overseas bonds are determined on the basis of price available on Bloomberg.
Debt Securities (TFCs and Sukuk other than Government)	Investment in sukuks, debt securities (comprising term finance certificates, bonds and any other security issued by a company or a body corporate for the purpose of raising funds in the form of redeemable capital) are valued on the basis of the rates announced by the Mutual Funds Association of Pakistan in accordance with the methodology prescribed by the Securities and Exchange Commission of Pakistan.
Ordinary shares - listed	The fair value of investments in listed equity securities are valued on the basis of closing quoted market price available at the Pakistan Stock Exchange.
Ordinary shares - unlisted	The fair value of investments in unlisted equity securities are valued on the basis of income and market approach.
Preference shares - unlisted	The fair value of investment in unlisted preference shares are valued at market approach.
Foreign preference shares - unlisted	The fair value of investment in unlisted preference shares are valued at market approach.
Redeemable participating certificates	The fair value of investment in redeemable participating certificates are valued at net asset value.
Advances	The fair value of advances are valued on the basis of Discounted Cashflow Method (DCF).
Forward foreign exchange contracts	The valuation has been determined by interpolating the FX revaluation rates announced by the SBP.
Derivative instruments	Derivatives that are valued using valuation techniques based on market observable inputs are mainly interest rate swaps and cross currency swaps. The most frequently applied valuation techniques include forward pricing and swap models using present value calculations.

### Valuation approach and input used

The valuation experts used a market based approach to arrive at the fair value of the Group's properties. The market approach used prices and other relevant information generated by market transactions involving identical, comparable or similar properties. These values are adjusted to reflect the current condition of the properties. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty accordingly a qualitative disclosure of sensitivity has not been presented in these consolidated condensed interim financial statements.

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements of investment and advances, (The valuation techniques are stated above):

Description	Fair value as at June 30, 2025 (Un-audited)	Fair value as at December 31, 2024 (Audited)	Unobservable inputs*	Discount Rate	Relationship of unobservable inputs to fair value
	(Rupees in	'000)			
Ordinary shares - unlisted (income approach)	2,550,451	2,333,188	Discount rate	16.58% - 19.00%	Increase / (decrease) in discount rate by 1% with all other variables held constant, would (decrease) / increase the fair value by Rs. 114.540 million and Rs. 124.822 million (December 31, 2024: Rs. 90.457 million and Rs. 97.873 million) respectively.
Ordinary shares - unlisted (market approach)	849,304	-	Market multiple / transaction price	Not applicable	Not applicable
Foreign preference shares - unlisted (market approach)	567,545	-	Transaction price	Not applicable	Not applicable
Preference shares - unlisted	-	500,000	Transaction price	Not applicable	Not applicable
Redeemable participating certificates	8,033,819	8,315,048	Net asset value	Not applicable	Not applicable
Advances classified at FVPL	2,520,218	1,413,735	Discount rate	25.00% - 30.00%	Increase / (decrease) in discount rate by 1% with all other variables held constant, would (decrease) / increase the fair value by Rs. 1.148 million and Rs. 1.157 million (December 31, 2024: Rs. 14.903 million and Rs. 15.134 million) respectively.

<sup>\*</sup> There were no significant inter-relationships between unobservable inputs that materially affect fair values.

The following table shows reconciliation of investment and advances level 3 fair value movement:

The segment statement of profit and loss account illustrates revenue based on customer, channel, and product ownership. Consequently, revenue might appear in multiple segments since each one plays a role in

capturing that income stream. \* Net mark-up and non mark-up income includes Rs. 289.274 million and Rs. 288.417 million respectively of investment banking. \*\* Others include head office related activities.

Total required stable funding  Net stable funding ratio	139%	126%
iver scapie runung ratio	15370	120%

The Holding Company has opted for transition arrangement to phase in ECL impact as permitted by SBP vide BPRD Circular No. 43.1 03 of 2022 dated July 05, 2022. Had the transitional arrangement not applied, CAR and Leverage ratio would have been 17.58% and 4.19% respectively.

43

### 44 AFGHANISTAN OPERATIONS

Bank Alfalah maintains a two-branch presence in Afghanistan. The Board and the management of the Holding Company continue to closely monitor the evolving situation in Afghanistan which has been hampered due to the country's frozen reserves and uncertainty regarding international recognition which prevent normal flows in and out of Afghanistan. The Holding Company has taken impairment against net assets where there is an indication that carrying amount may be higher than its recoverable amount. The Holding Company remains focused on maintaining its control standards i.e. both onshore and through Head Office oversight.

### 45 BANGLADESH OPERATIONS

During the year 2024, a non-binding indicative offer was received from Bank Asia Limited, Dhaka, Bangladesh ("Bank Asia") to acquire the Holding Company's Bangladesh Operations (assets and liabilities). In this regard, the Holding Company was granted an in-principle approval by the State Bank of Pakistan to facilitate conduct of due diligence exercise by Bank Asia.

Subsequently, during the period ended June 30, 2025, the Board of Directors of Bank Alfalah Limited Holding has accorded its approval to sell the Holding Bangladesh Operations to Bank Asia subject to approval of the State Bank of Pakistan, the Central Bank of Bangladesh, and /or any other regulatory and legal compliance and execution of definitive agreement.

Further, a non-binding offer was also received in year 2024 from Hatton National Bank of Sri Lanka ("HNB") to acquire the Holding Company's Bangladesh Operations. However, HNB has decided not to proceed with acquisition.

### 46 NON-ADJUSTING EVENT

The Board of Directors of the Holding Company in its meeting held on July 31, 2025 has declared an interim cash dividend of 25% i.e. Rs. 2.5 per share for the quarter ended June 30, 2025 (June 30, 2024: Rs. 2.0 per share i.e. 20%). These consolidated condensed interim financial statements do not include the effect of this appropriation which will be accounted for subsequent to the period end. The Board of the Holding Company had earlier declared an interim cash dividend bringing the total cash dividend for the half year ended June 30. 2025 to Rs. 5.0 per share (June 30. 2024: Rs. 4.0 per share).

### 47 DATE OF AUTHORISATION

These consolidated condensed interim financial statements were authorised for issue on July 31, 2025 by the Board of Directors of the Holding Company.

### 48 GENERAL

- **48.1** Comparative information has been re-classified, re-arranged, restated or additionally incorporated in these consolidated condensed interim financial statements, wherever necessary to facilitate comparison.
- **48.2** The effects of reclassification, rearrangement in the comparative information presented in these consolidated condensed interim financial statements are as follows:

Description of item	Nature	(Rupees in '000)	From	То
Agent commission	Expense	337,992	Commission on Benazir Income Support Programme (BISP)	Brokerage and commission
Verification cost	Expense	84,793	Commission on Benazir Income Support Programme (BISP)	CNIC verification
Optional issuer fee	Income	383,464	Foreign exchange income	Card related fees (debit and credit cards)
Conversion fee	Expense	170,947	Foreign exchange income	Card related fees (debit and credit cards)
Conversion fee	Expense	119,570	Foreign exchange income	Card acquiring business

**48.3** The effects of restatement due to adoption of IFRS 9 is mentioned in note 4.1.1 of these consolidated condensed interim financial statements.
